Top Doctors

Which physicians can you trust to do a shot of Botox, a facelift, or liposuction? These are among the areas best for cosmetic treatments.

These plastic surgeons and dermatologists, all on our March 2010 Top Doctors list, do cosmetic procedures ranging from Botox and wrinkle filling to breast reconstruction and liposuction. Otolaryngologists such as Philip Schoenfeld, also on our Top Doctors list, likewise sometimes do cosmetic work.

Just because a physician isn't on this list doesn't mean he or she isn't a good choice for cosmetic procedures.
